# 2020 NFHS FOOTBALL RULES REMINDERS

The style of the numbers on all three of these jerseys are legal now and will be in 2024 as well.

# FOOTBALL JERSEY NUMBERS

## RULES 1-5-1c, 1-5-1c(6)

The style of the numbers on these jerseys are legal through the 2023 season. The following four types of number designs will be illegal in 2024.

# TRIPPING

The foul for tripping has been expanded to include the runner. It is now illegal to trip any opponent. Tripping is the intentional use of the lower leg or foot to obstruct an opponent below the knee. The penalty is 15 yards.

# 2020 NFHS FOOTBALL POINTS OF EMPHASIS

# 2020 NFHS FOOTBALL POINTS OF EMPHASIS

1. Sportsmanship
2. Intentional Grounding
3. Ineligible Downfield and Line of Scrimmage Formation

# SPORTSMANSHIP

When considering sportsmanship, many may first think only of the game participants (athletes and coaches) within the timeframe of the game. Although players and coaches are the most visible in their displays of sportsmanship, proper sportsmanship also includes public address announcers (PlayPic A), bands (PlayPic B) and spectators (PlayPic C).

# INTENTIONAL GROUNDING

Under NFHS rules, unless using the legal exception in Rule 7-5-2e, intentional grounding is a foul whenever a forward pass is thrown to prevent a loss of yardage or to conserve time (PlayPic A) or to an area not occupied by an eligible receiver (PlayPic B). High school referees need to be aware of these situations and, with the help of the line judge and linesman, make the correct call under NFHS football rules.

# INELIGIBLE DOWNFIELD

Ineligible A players may not advance beyond the expanded neutral zone on a legal forward pass play before a legal forward pass that crosses the neutral zone is in flight. The neutral zone expands two yards behind the defensive line of scrimmage following the snap. When identifying A players who are illegally downfield it is important to make sure that the A player is clearly beyond the expanded neutral zone (2 yards) at the moment that the pass occurs.

# LINE OF SCRIMMAGE FORMATION

Only one player may not be on the line but still penetrate the vertical plane through the waistline of his nearest teammate who is on the line. This player (A) must be in position to receive a hand-to-hand snap, but does not have to actually receive it. By rule, he is the only player allowed to be positioned in “no man’s land” at the snap. All other players not on the line must be clearly positioned as backs. The player marked (B) is in an illegal position.

# 2020 NFHS MECHANICS CHANGES 2020

# MECHANICS CHANGES 2020

## Crew of 7 Free Kicks — Generalized Zone Coverage

**Note:** Yard lines stated are guidelines only and are not set in stone.

**Referee:** Once runner catches ball and leaves end zone to about 25-30 yard line, center third of field or in front of runner.

**Umpire and Back Judge:** Halfway between hashes and numbers boxing in play down to front wave of players — about 25-30 yard line.

**Side Judge and Field Judge:** Sideline to halfway between numbers and hashes, boxing in play down to front wave of players — about 25-30 yard line.

- Zones will ebb and flow as play dictates exactly as they do for punts.
- If player leaves your zone and there is a legitimate “threat of foul,” stay with him.
- If there is no legitimate “threat of foul,” be alert to other players coming into your zone as you assume responsibility for their actions.
- If there is nothing happening with players in your zone, broaden your vision.
